

Box & Wheel Your Wagers!

BOXING

If you like more than one greyhound but cannot decide which one will win, you can BOX or "put together" as many greyhounds as you like. When you BOX, your choices can finish in any order! The total cost of your bet depends on the number of combinations in your bet.

When you WHEEL, you're buying a combination on your favorite greyhounds with some of the greyhounds (CALLED A PARTIAL WHEEL) or ALL of the other greyhounds in the race.
